TEN DAYS LATER
FROM CALIFORNIA AND THE EAST.

The regular and favorite mail packet *Frances Palmer*, which had been eagerly looked for three or four days prior to her arrival, was telegraphed on Sunday at 2 P. M., and anchored in the harbor at 5 o'clock the same afternoon. Her passage was 17 days, rather longer than usual, as she was detained two or three days on the bar at San Francisco in calms. The news by the mails and by telegraph is particularly stirring. We glean the usual variety:

Pacific Side.

The Pony Express has arrived with dates from St. Louis to the 2d July, which is the latest overland news.

ARRIVALS BY THE STEAMER "SONORA."—Among the passengers on the steamer *Sonora*, were Dr. Reverdy Johnson of Maryland, Senator J. P. Benjamin of Louisiana, and James W. Simonson, editor of the *Bulletin*. Senators Johnson, and Benjamin came to argue the new Almaden case.

LINCOLN RAILROAD.—The steamer brought out three long, and some of the veritable political railroads, which were split by the Republican candidate for the Presidency, when, though thirty years younger than he, was already "Old Abe Lincoln of Illinois."

A SPLENDID STEAMER.—The new steamer *Chrysopolis*, just completed by the California Steam Navigation Company, made her first trip to Sacramento on Tuesday last. She is 240 ft. long, 40 ft. wide, 12 ft. on deck, and will carry about one thousand. She is wholly of California make, except her engines, which were made by Belknap of New York. Her cost is estimated about \$200,000, and is said to be paid on the return of the expedition. The whole expedition is to cost about \$20,000.
